Who Knows! can be played alone or with others.

- 1. Stand or sit, outdoors or indoors. If you play the game with someone else, stand or sit far apart from each other.
- 2. Next yell, with an open throat and mouth, as loud and long as you can:

WHOOOOO KNOOOOWS!

3. Then, you or someone else responds:

WH000000000000 KN00000WS!

4. Repeat and repeat and repeat.

Who Knows! can be played in drawing, too. Below, draw out WHO KNOWS! yells in visual elements that match the sound you want to create. You can draw in any direction and use different sizes, shapes, and colors of letters to express the sounds.
